Zieve, L., 312

Subject Index to Volume 13

(E) = Editorial; (LE) = Letters to the Editor

- Adolescent girls, obese
 - personality traits in, 35
 - serum iron and iron-binding capacity in 354
 - unrecognized minority group, 35
- Adolescents
 - serum iron and iron-binding capacity in, 343, 354
- Agriculture and population problem (E), 65
- Alcoholism, magnesium metabolism in, 297
- Alimentary lipemia, induced, successive trials of, 214
- American Society for Clinical Nutrition
 - Newsletter, 125
 - Presidential address, 263
- Amino acids, free, of different kinds of milk, 75
- Anemia
 - macrocytic, response to coenzyme Q₁₀-chromanol, 169
 - nutritional megaloblastic, effect of folic acid, on, 369
- Arab refugee children, nutritional and growth characteristics of, 147
- ASCN News, 125, 263
- Atherosclerosis
 - coronary, relationship between diet and lipid patterns in, 135
 - electronic computers in processing dietary data in, 304
- Bantu children with kwashiorkor, magnesium balance studies in, 331
- Basal metabolism, effect of high environmental temperature on, 219
- Bile acid sequestrant, calcium absorption enhanced by, 277
- Biological value method, nutritive value of proteins determined by, 243, 250
- Biscuits, survival
 - nutritional quality of, 291
 - protein quality of, 291
- Blood constituents in geriatric subjects, effect of vitamin A on, 201
- Blood flow and ethanol, 68
- Blood lipids, effect of changes in fatty composition of diet on, 158
- Book reviews
 - Ingle, D. J. (ed.) Life and Diseases, 126
 - Public Health Service Publication No. 1000, The One-Hour Oral Glucose Tolerance Test, 340
 - Shearman, C. W. Diets Are For People. A Textbook of Diet Therapy, 63
- Calcium absorption
 - effect of cholestyramine on, 277
 - enhanced by bile acid sequestrant, 277
- Calorie diet, low, effect on plasma cholesterol esters, 92
- Carbohydrate diet, high, effect on plasma cholesterol esters, 92
- Carbohydrates, dietary, and serum cholesterol in man, 194
- Cardio-green for determining hepatic blood flow, 68
- Carnation milk, free amino acid content of, 75
- Carotenoids, serum, in Iowa school children, 186
- Children
 - Arab refugee, nutritional and growth characteristics of, 147
 - Haitian, height and weight of, 106
 - Iowa school, serum carotenoids and vitamin A in, 186
 - overweight and underweight, infant feeding patterns and oral habits of, 326
 - undernourished, rickets and malnutrition in, 98
 - with kwashiorkor, magnesium balance studies in, 331
 - with macrocytic anemia, response to coenzyme Q₁₀-chromanol, 169
- Chloride excretion after regimen of Nutrament, 40
- Cholesterol
 - and dietary carbohydrates in man, 194
 - changes following simple test meal, 214
 - changes, produced by dietary fat (LE), 122
 - diet, high and low, esterified serum fatty acids in subjects on, 82
 - esters, effect of dietary intake on, 92
 - total, effect of high environmental temperature on, 219
- Cholestyramine, effect on calcium absorption, 277
- Chorionic gonadotropin in treatment of obese women (LE), 197
- Chromatography in determining free amino acids of milk, 75
- Clinician interrogates nutrition, 263
- Coagulation mechanism effect of fat infusions on, 8
- Coenzyme Q₁₀-chromanol, response of macrocytic anemia in children to, 169
- Colostrum of human milk, free amino acid content of, 75
- Computers, electronic, in processing of dietary data, 304
- Coronary atherosclerosis
 - see Atherosclerosis
- Crackers, survival
 - nutritional quality of, 291
 - protein quality of, 291
- Diet
 - and disease in Seminole Indians, survey of, 127
 - and fatty acid composition of cholesterol esters, 92
 - effect of changes in fatty composition on blood lipids, 158

Diet

- effect on serum lipid metabolism, 82
- effect on fasting free fatty acids, 92
- high carbohydrate, effect on plasma cholesterol esters, 92
- high fat, effect on plasma cholesterol esters, 92
- lipid patterns and coronary atherosclerosis, relationship between, 135
- low calorie, effect on plasma cholesterol esters, 92
- polyunsaturated fatty acid content of, effect on vitamin E requirements, 385
- survey in Seminole Indians in Oklahoma, 127
- Dietaries, selected, protein quality determined by biological value method, 250
- Dietary appraisal of Korean Army, 25
- Dietary carbohydrates and serum cholesterol in man, 194
- Dietary data, electronic computers in processing of, 304
- Dietary fat, prediction of serum cholesterol changes produced by (LE), 122
- Dietary information, considerations in collecting, 55
- Dietary intake, effect on fatty acid composition of plasma cholesterol esters, 92
- Dietary management of medical patients (LE), 258
- Dietary protein, influence on serum cholesterol level, 232
- Dietary questionnaire, 55
- Dietary survey, method for, 55
- Diets, evaluation of mineral mixtures in, 115
- Dihydrotachysterol, progeria-like syndrome produced by, effect of vitamin E and methyltesterone on, 238
- Disease and diet, survey in Seminole Indians, 127

East Africans, comparative study of serum lipid metabolism in New Yorkers and, 82**Editorials**

- Nutrition, agriculture, foreign aid and the population problem, 65
- Obesity—some considerations of treatment, 199
- Why the National Society for Medical Research?, 341
- Electrolytes, effect of Nutrament on, 40
- Electronic computers in processing of dietary data, 304
- Emotional Development Test, results in obese adolescent girls, 35
- Environmental temperature, high, effect on basal metabolism, serum protein-bound iodine and total cholesterol, 219
- Epinephrine, effect on hunger, food intake and plasma nonesterified fatty acids, 110

Ethanol

- and hepatic blood flow, 68
- effect on systemic circulation, 68

Fasting

- and postprandial serum triglyceride levels in healthy young Americans, 1
- plasma lipid fatty acids during, 226

Fat

- absorption, effect of cholestyramine on, 277

Fat

- administration, effect on coagulation mechanism, 8
- composition, varying, biological value of proteins in meal patterns with, 243
- diet, high, effect on plasma cholesterol esters, 92
- dietary, prediction of serum cholesterol changes produced by (LE), 122
- infusions, effect on coagulation mechanism, 8
- meal, triglyceride levels after ingestion, 1
- Fats, table, fatty acid content of (LE), 197
- Fatty acid
 - composition of cholesterol esters and diet, 92
 - composition of diet, effect of changes on blood lipids, 158
 - composition of plasma cholesterol esters, effect of dietary intake on, 92
 - content of diet, polyunsaturated, effect on vitamin E requirements, 385
 - determination and plasma lipid extraction, 92
 - values, changes following ingestion of simple test meal, 214
- esterified serum, in subjects on high and low cholesterol diets, 82
- fasting free, effect of diet on, 95
- plasma lipid, during fasting, 226
- plasma nonesterified, effect of test substances on, 110
- Fish oil fractions, studies in human subjects, 158
- Flouride in food (LE), 393
- Folic acid, effect of small doses in nutritional megaloblastic anemia, 369

Food

- adequacy of Nutrament as, in fallout shelter, 40
- flouride in (LE), 393
- intake
 - effect of glucagon, phenmetrazine and epinephrine on, 110
 - in pregnant women, changes in, 55
- Foreign aid and the population problem (E), 65

Geriatric subjects, effect of vitamin A on blood constituents of, 201

- Girls, Iowa school, nutrition and growth of, 173
- Glucagon, effect on hunger, food intake and plasma nonesterified fatty acids, 110

Goiter

- and growth, 46
- protein-bound iodine levels in, 46
- Gonadotrophin, chorionic, in treatment of obese women (LE), 197
- Gorging versus nibbling, effect on serum lipids in man, 209

Growth

- and nutrition of Iowa school girls, 173
- characteristics in Arab refugee children in Lebanon, 147
- data and goiter, 46
- rate during postpubertal period, 318

Haitian children, height and weight of, 106

- Height and weight
 of Haitian children, 106
 relationship of young men and women, 318
- Hunger, effect of glucagon, phenmetrazine and epinephrine on, 110
- Hypoglycemia and L-leucine, 285
- Indocyanine green, prolonged infusion method for repeated determinations of hepatic blood flow, 68
- Infant feeding patterns and oral habits of overweight and underweight children, 326
- Infection and lack of iodine, reconciliation of hypotheses (LE), 393
- Iodine
 serum protein-bound, effect of high environmental temperature on, 219
 lack of, and infection (LE), 393
- Iowa school children, nutrition survey of, 173, 186
- Iron-binding capacity
 in adolescents, standard values, 343
 in obese and nonobese adolescents, 354
- Iron, serum, in adolescents, 343, 354
- Korean Army
 dietary of, 25
 nutritional status of, 25
- Kwashiorkor, magnesium balance studies in, 331
- Lebanon, nutritional and growth characteristics in Arab refugee children in, 147
- Letters to the Editor

- Medical care program, role of nutritionist in (LE), 259
- Medical patients, dietary management of (LE), 258
- Medical research, why the national society for (E), 341
- Megaloblastic anemia, nutritional
 see Anemia
- Men, young, weight-height relationship of young women and, 318
- Methionine, influence on serum cholesterol level, 232
- Methyltestosterone, effect on progeria-like syndrome produced by dihydrotachysterol, 238
- Milk, free amino acids of different kinds of, 75
- Mineral mixtures in diets for experimental animals, evaluation of, 115
- Mullsoy liquid and powder, free amino acid content of, 75
- Neurologic reactions in alcoholics influenced by magnesium metabolism, 297
- Neuropathy and vitamin unresponsiveness, 312
- New Yorkers, comparative study of serum lipid metabolism in East Africans and, 82
- Nibbling versus gorging, effect on serum lipids 209
- Nitrogen absorption, effect of cholestyramine on, 277
- Nitrogen excretion, effect of Nutrament on, 40
- Nutrament
 adequacy as food in fallout shelter, 40
 effect on urinary excretion of nitrogen and electrolytes, 40
- Nutrient intake, changes in pregnant women, 55
- Nutrition
 and growth of Iowa school girls, 173
 and the population problem (E), 65
 clinician interrogates, 263
 consultant in private practice, 254
 of Korean Army, 25
 studies in pregnancy, 55
- Nutrition News, 64, 275
- Nutrition survey
 of Arab refugee children in Lebanon, 147
 of Iowa school children, 173
 of Korean Army, 25
 of Seminole Indians in Oklahoma, 127
- Nutritional characteristics of Arab refugee children in Lebanon, 147
- Nutritional deficiencies associated with nutritional status of Korean Army, 25
- Nutritional quality of survival biscuits and crackers, 291
- Nutritionist, role in prepaid medical care program (LE), 259
- Obese adolescent girls
 personality traits in, 35
 unrecognized minority group, 35
- Obese adolescents, serum iron and iron-binding capacity in, 354
- Obese women, chorionic gonadotrophin in treatment of (LE), 197
- Obesity—some considerations of treatment (E), 199

- Optical density, changes following ingestion of simple test meal, 214
- Oral habits of overweight and underweight children, 326
- Overweight children, infant feeding patterns and oral habits of, 326
- D-Pantothenate**, inhibition by L-pantothenate, 378
- L-Pantothenate, inhibition of D-pantothenate by, 378
- Pellagra and vitamin unresponsiveness, 312
- Personality traits in obese adolescent girls, 35
- Pet milk, free amino acid content of, 75
- Phenmetrazine, effect on hunger, food intake and plasma nonesterified fatty acids, 110
- Phosphorus absorption, effect of cholestyramine on, 277
- Plasma
- cholesterol esters, effect of diet on, 92
 - lipid
 - extraction and free fatty acid determination, 92
 - fatty acids during fasting, 226
 - nonesterified fatty acids, effect of glucagon, phenmetrazine and epinephrine on, 110
- Population problem, nutrition, agriculture, foreign aid and (E), 65
- Postprandial serum triglyceride levels in healthy young Americans, 1
- Postpubertal period, growth rate and development during, 318
- Potassium excretion, effect of Nutrament on, 40
- Pregnancy, nutrition studies in, 55
- Presidential address, Annual Meeting of American Society for Clinical Nutrition, 263
- Progeria-like syndrome produced by dihydrotachysterol, effect of vitamin E and methyltesterone on, 238
- Protein-bound iodine levels in goiter, 46
- Protein
- dietary, influence on serum cholesterol level, 232
 - nutritive value determined by biological value method, 243, 250
 - quality of survival biscuits and crackers, 291
- Q₁-chromanol**, response of macrocytic anemia to, 169
- Rickets and malnutrition in children**, 98
- Seminole Indians, survey of disease and diet in, 127
- Sentence Completion Test, results in obese adolescent girls, 35
- Serum
- carotenoids in Iowa school children, 186
 - cholesterol
 - and dietary carbohydrates in man, 194
 - changes produced by dietary fat, prediction of (LE), 122
 - level, influence of dietary protein and methionine on, 232
 - values after ingestion of fat meal, 1
 - iron in adolescents, 343, 354
 - lipid metabolism, effect of diet on, 82
 - lipids
 - effect of nibbling versus gorging on, 209
 - in three nomadic tribes of Northern Kenya, 135
 - protein-bound iodine, effect of high environmental temperature on, 219
 - translucency values after ingestion of fat meal, 1
 - triglyceride levels in healthy young Americans, 1
- Similac liquid and powder, free amino acid content of, 75
- Sobee liquid and powder, free amino acid content of, 75
- Sodium excretion, effect of Nutrament on, 40
- Soybean milk substitutes, free amino acid content of, 75
- Starvation, utilization of fatty acids during, 226
- Survival biscuits and crackers, protein quality of, 291
- Systemic circulation, effect of ethanol on, 68
- Temperature**, high environmental, effect on basal metabolism, serum protein-bound iodine and total cholesterol, 219
- Thematic Apperception Test, results in obese adolescent girls, 35
- Thromboplastin generation test, results after short-term fat infusions, 8
- Thyroid function tests in goiter, 46
- Triglyceride levels
- changes following ingestion of simple test meal, 214
 - serum, in healthy young Americans, 1
- Undernourishment**, effect on rickets, 98
- Underweight children, infant feeding patterns and oral habits of, 326
- Urinary excretion of nitrogen and electrolytes, 40
- Vitamin A**
- effect on blood constituents of geriatric subjects, 201
 - levels in Iowa school children, 186
- Vitamin D therapy in rickets, 98
- Vitamin E
- effect on progeria-like syndrome produced by dihydrotachysterol, 238
 - in macrocytic anemia, results of therapy compared with coenzyme Q₁-chromanol, 169
 - requirements, effect of polyunsaturated fatty acid content of diet on, 385
- Vitamin unresponsiveness, 312
- Water excretion**, effect of Nutrament on, 40
- Weight**
- height relationship of young men and women, 318
 - of Haitian children, 106
- Women, young, weight-height relationship of young men and, 318
- Word Association Test, results in obese adolescent girls, 35
